### PERSONAL DATA PROTECTION

The European Union is committed to user privacy. The policy on "protection of individuals with regard to the processing of personal data by the Community institutions" is based on [Regulation \(EC\) N° 45/2001](#) of the European Parliament and of the Council of 18 December 2000. This general policy covers the European Union's family of institutional Web Sites, within the eu.int domain. Although you can browse through most of these Web Sites without giving any information about yourself, in some cases, personal information is required in order to provide the e-services you request. Web Sites that require such information treat it according

to the policy described in the Regulation mentioned above and provide information about the use of your data in their specific privacy policy statements.

In this respect:

- For each specific e-service, a controller determines the purposes and means of the processing of personal data and ensures conformity of the specific e-service with the privacy policy;
- Within each Institution, a Data Protection Officer ensures that the provisions of the Regulation are applied and advises controllers on fulfilling their obligations (see art. 24 of the Regulation);
- For all the Institutions, the [European Data Protection Supervisor](#) will act as an independent supervisory authority (see art. 41 to 45 of the Regulation).

The European Union's family of institutional Web Sites, within the eu.int domain, provides links to third party sites. Since we do not control them, we encourage you to review their privacy policies.
